

Nature

The Nature range has been inspired by the forces of nature, due to our desire to mirror the strength, elegance and timelessness of the elements they provide us: minerals, metals, wood, earth.

Based on this idea, the squeezers of the Nature range let materials and colours take centre stage. Neutral, restrained and smart materials and colours which transmit those sensations in the establishments where the juicers are installed, giving them a higher, both real and perceived, high end quality.

Z1 Nature

Smaller in size

This is Zummo's most compact model and it is recommended for premises with limited space. It has been designed to be the most effective and profitable solution for businesses with a juice consumption of less than 30 glasses per day.

Available in 4 colours

The evolution to Nature

- Customisable bins
- Standard contact sensor
- Smoky grey front cover
- EVS Advanced juice extraction system

- **Increased durability:** as there are no elastic belts, there are no breakages, something that could also affect the optimal functioning of the blade.
- **Greater functionality:** avoiding maintenance tasks and replacement of broken or worn belts. Cleaning the kit is also much easier.
- **Greater yield:** the new kit leads to greater juice extraction yield. Thanks to its new design, up to 10% more juice can be obtained.

Technical features

Fruit per minute	6,5
Weight	29,5 kg
Peel collection	9 l
Fruit diameter	55-70 mm / 63-75 mm .Opt: 65-80 mm / 75-90 mm
Measurements	678 (a) x 340 (l) x 387 (p) mm
Protection	Blockage sensors
Basket capacity	2,5 kg (optional)
Programmer	Yes

Smoky grey front cover

Standard contact sensor

Optional basket
