

Food Service

Restaurants, bars, cafeterias, hotels, shops,... The Zummo Food Service line has been designed to provide service in any type of establishment. Depending on the characteristics, Zummo offers each business the perfect juicer to cover their needs and get maximum return on their investment. The Zummo Food Service range incorporates the Nature juicer models, in all versions and with all accessories, and the Z22 juice extractor. Discover them!

ZUMMO 

Z06 Nature

The most original combinations

Z06 is Zummo's most versatile juicer. It extracts juice from all kinds of citrus fruit, as well as from pomegranates. Different types of fruit can also be combined during the juice extraction process. The perfect option for those who seek great flexibility in their market offer.

Efficiently squeeze juice

The most original combinations

1. EVS® Advanced

Unique vertical juice extraction system; a Zummo exclusive. Based on manual juice extraction system it achieves maximum profitability, obtaining the purest possible juice with the greatest operational functionality.

2. Juice extraction kits

The different-sized juice extraction kits help to maximise the yield of the juice extracted from the fruit depending on its diameter. Easily identifiable thanks to the characteristic colour of each range:

Small (S): Grey; Medium (M): Orange; Large (L): Maroon.

Juice extraction kits

3. Automatic filter

Comprised of a belt that starts to move when the juice extraction starts up, sweeping away the seeds and pulp that remain in the filter: greater juice extraction performance and greater autonomy.

Automatic filter

4. Standard Contact sensor.

The machine automatically starts up when the Contact sensor, included as standard equipment, detects the oranges on the ramp. It will also stop automatically when there are no oranges on the ramp, at which time the juicer goes into standby mode.

Contact sensor

Technical features

Fruits per minute	10
Weight	52,5 kg
Bin capacity	22 l (2 x 11 l)
Squeezing kits	M (55-75 mm), L (70-90 mm) / Optional: S (45-60 mm)
Dimensions	811 (h) x 548 (w) x 431 (d) mm
Safety	Blocking sensors
Basket capacity	6 kg
Feeder capacity	1.5 kg
Programmer	Yes
Contact sensor	Yes
Filter	Automatic

Containers available in 5 colours:
